

Citylights Towers 3 and 4 set for completion

Citylights Gardens Condominium is coming strong and fast with the rise of its two new towers – Towers 3 and 4. To date, Tower 3 is on the 20th floor coming up to the rooftop. It has gone past the two old towers of 14 floors each. Tower 4 is coming up to the 2nd floor. Both towers will be delivered simultaneously on the second half of 2008.

Syntech Properties, Inc. (SPI), the developer of Citylights Gardens Condominium, have been selected by the Regional Officer of HLURB to be the only awardee as the Leading Condominium Developer for Open Market condominium development category for Region VII for 2007.

Janice Ngiam, director, and Anita Blanco, sales and marketing manager, received the award from Antonio V. Decatoria Sr., regional Officer of HLURB, Romulo Quirino M. Fabul, chief executive officer and commissioner of HLURB, Teresita A. Desierto, supervising commissioner and Noli De Castro, vice president of the Philippines.

Because the two new towers are evident even from as far as Mactan Island, inquiries have increased. Visitors can see for themselves the new layouts which are big improvements from Towers 1 and 2 at their sales office. Citylights take pride in the three Ps it carries: premier residence, perfect location, and prime investment.
